Lottery Process

- The Nature School at Camp Albemarle Lottery will take place on Monday, February 14th at 11am.
- All registration forms received from the public on or before February 11th at 3pm will be eligible for the lottery drawing. All applications received after February 11th at 3pm will be enrolled on a first come first serve basis or placed on the waitlist if the class is full, in the order, they are received.
- At least one member of the community (who is not staff, a Board member, or relative of students at Nature School) will be present at the lottery to make sure that all procedures are conducted fairly and accurately.
- Each registration form from the public will receive a number. Numbers will be pulled one at a time and the student will be placed in the desired class. If the class is full, the student will be placed on the waitlist. If a number is pulled that belongs to a student that already has a sibling enrolled in the program, his/her name will be moved to the top of the waitlist for the class.
- Parents will be notified within one week of the lottery of their child's placement in the program. Upon notification:
 - Parents of a preschool student or homeschool student will have one week to turn in the non-refundable registration and supply fee. These families will also need to schedule a tour if they have not already toured the school. This is to ensure that the family has a good understanding of our program.
 - Parents of a lower grades student (K-5th) will have one month to complete an interview. The interview process is not to turn a family away, but to be sure that our approach and school is a good fit for the family. We want the family to have a solid understanding of how their child will be learning and that it will look quite different. This also gives families an opportunity to ask any questions they may have. Families will have one week from the completed interview to turn in the non-refundable registration and supply fee.

Important Notes

- This registration process is the same for all classes including Preschool, Homeschool, and Private School classes.
- Students must meet the age requirement by August 31st of the upcoming school year. Age requirements will be specified on the registration form.
